## The Garden

The garden at Fernbrook is full and lush following the recent rain, the ginger is flowering, the berries are colouring and all is looking good for a great Autumn colour.

Wander along the paths beneath century old Turpentines, enjoy the wonderful mix of native and exotic species.

Follow the path to the rainforest and enjoy the amazing birdlife. Walk over the bridge and on to the stone weir, built in 1900, and then stroll to the lake beyond.

Enjoy refreshments in the courtyard.

**Fernbrook Garden and Gallery is open Friday, Saturday, Sunday and Monday 10am to 4.30pm**
