

RADIO STAR

Susan Fennelly has gained quite a following with the Farm Gate Trail segment each Saturday morning with Simon Marnie on ABC 702. With live broadcasts most recently from both the Easter Show and Mt. Tomah Gardens it was great to see the number of listeners who made their way out to the venues to see our display and meet Susan in person. With such a large listening audience each week we know that we are sending the right messages to the Community – the importance of fresh locally grown produce, lifestyle opportunities ,educate the children whilst taking that Country experience on the doorstep of Sydney!
