“it’s all happening  
at 359 Galston Rd”

For over 30 years the Barba family have been farming in Galston. Currently they work two properties right in the heart of town. Growing the most magnificent strawberries under cover, numerous varieties of tomatoes, rhubarb, capsicum, cucumbers and orchard of premium stone fruit.

Peaches and nectarines of every variety! Their very quaint road side stall is manned most days by the most senior member of the family Peter who enjoys a wonderful warm relationship with his customers – we welcome the Barba clan to the Farm Gate Trail!

“have a sleep  
over on the trail”

“country charm”

Charlton Creek Studio Gallery certainly reflects the peace and serenity of Berilee. This is a perfect example of what makes the Farm Gate Trail so interesting. Tom, a wood turner, creates the most elegant and unique pieces of art beautifully finished utilitarian bowls and platters. Alison loves textures and colour; she is also extremely talented in the art of intricate pencil drawings – a wonderful way to spent an afternoon!

The Gallery is open Saturday and Sunday 10am-5pm.
